Particulars:	tiller steering, carbon mast, carbon Hoyt boom, air-conditioning, water maker
Starting price:	€ 790.000,00 (ex. VAT)

The owner was looking for a stylish and attractive interior for living aboard and traveling with his young family. The yacht needs little maintenance, is technically simple and easy to manage by two people: thanks to the Hoyt Jib Boom hardly any effort is required when tacking the 'Alice'. The 'Alice' has been built on the basis of the Bestevaer II principles. She boasts even more ease of handling and a slightly more spacious and comfortable interior with a shower and a water maker. The 'Alice' is an ideal family yacht.
